

Chiswick High Road | London WDL071/212579

Project type: Space Planning & Interior Design

Value: £450k

Involvement: Space Planning
Interior Design
3d Visualisation

What we did

Workplace Designs were appointed to re-plan and provide a concept interior design scheme demonstrating how the proposed space could work for our client.

Within the constraints of a relatively compact footprint, we were able to produce an efficient and attractive modern workspace and demonstrate the viability of remaining in their existing building.
