**What we did**

WDL was requested to provide client representation services and FF&E specification and procurement consultancy to develop and implement a scheme based on furniture solutions. Through effective furniture research & specification, WDL proposed and managed 12 different client preferred suppliers and delivered FF&E solutions for substantially less than the recommended retail prices.

WDL Logistics managed to phase installation over 3 weeks, re-location of 760 staff, implementation of FM services, fixtures & fitting such as signage and equipment.
