

**Multiple Buildings Test Fit | International Sites | Worldwide** WDL065/208108

**Project type:** Space Planning & Test Fit

**Value:** N/A (Varies)

**Involvement:** Space Planning & Test Fit  
 Conceptual Design  
 Feasibility Study

**What we did**

Workplace Designs were contracted by our client to produce a variety of Test-Fit planning solutions in over 50 different countries for their different offices, varying greatly in size, and which entailed taking on board different cultural, climatic and planning constraints.

In many cases, we also produced conceptual interior design schemes to better illustrate how the proposals could look if enacted.
