

 **Dartmouth Street | London** WDL044/210259

**Project type:** Interior Design and FF&E Procurement

**Value:** £500k

**Involvement:** Interior Design  
Project Management  
Contract Administration  
Furniture Specification & Procurement

**What we did**

Development of a design scheme on behalf of a large fit-out contractor for the redesign of two floors of conventional office accommodation.

To reduce the existing cellular offices and increase collaboration space to include a variety of differently styled spaces and a large collaborative hub area.

The scheme also injected colour and interest via graphics on manifestation, and a bolder colour scheme to paintwork and new and existing upholstery.
