Office Refurbishment

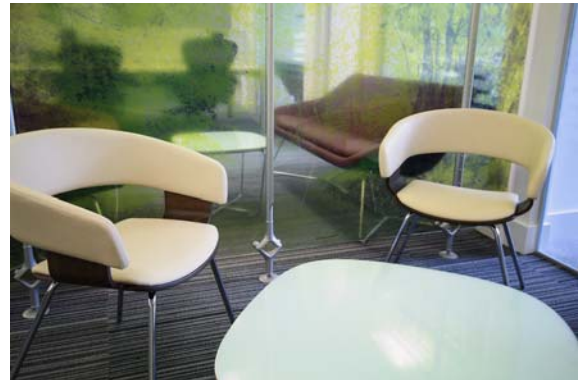

Ref : WDL22

Project Type:	Office Refurb and Project Management
Value:	£75,000
Involvement:	Full Contract and Project Management Interior Design & Space Planning Furniture Specification & Procurement Contractor Appointment Site, Contractor & Project Management

The project brief was to re-design the current space to provide a re-vitalised office environment for the new Microsoft Live Search Team.

Workplace Designs were appointed to provide full client project management and an architectural role for the refurbishment from concept through to completion.

WDL specified all finishes, fittings & furniture that provided 30 new workstations in the open plan space with new break out areas for informal meetings. The existing meeting rooms were transformed into a mix of informal & formal zones.

The project was a completed within 6 weeks from initial project brief to client handover and within budget.
