Contemporary Office Furniture Specification and Procurement

Project Type:	Furniture Specification and Procurement
Value:	£1.2
Involvement:	Client, supplier and manufacturer liaison Creation of tender documentation, appraisal and recommendations Initial product solution and specification Procurement management Installation management

Workplace Designs were appointed as the client design representative and to develop the furniture scheme as a Solutions Consultant alongside the appointed architect.

WDL managed furniture procurement from 15 different client selected suppliers and delivered the specified requirement for substantially less than the budgeted market prices.

WDL managed logistics to phase installation over 7 weeks on a floor by floor basis. WDL also combined the installation with the re-location of 650 staff, implementation of FM services and other fixtures and fitting such as signage and equipment.
