

# Elevation Drawings

Ref : WDL18

- Project Type:** Elevation Drawings  
**Involvement:** Full site survey  
Creation of AutoCAD elevations  
Elevation visualisations  
Planning application drawings

Workplace Designs have produced elevation drawings from a wide variety of sources according to clients requirements.

These can be in the form of simple outline CAD drawings or complex rendered images for planning applications. The source material can be existing Hard Copy drawings, Digital Photographs and full measured surveys using a Laser Total Station.
