

LUNA

Edition | 2024

The Luna armchair is a visually striking piece that combines softness and volume within a formal framework. Its design showcases a contrasting tension that is both visually appealing and functional.

The external structure of the armchair is crafted from a robust steel wire-frame, a material known for its strength and durability. This ensures that the armchair is not only aesthetically pleasing but also built to last.

The Luna armchair features contoured cushions that are held within the frame. The cushions provide added comfort, making the armchair a cozy and an inviting seating option.

The armchair is designed to be lightweight and versatile, allowing it to easily adapt to the changing needs of a space. Whether it is used within a working or relaxation space, the Luna armchair effortlessly meets the demands of its users.
