

## TICO TASK CHAIR

Experience the perfect combination of comfort and functionality with this high back office chair designed to enhance your productivity and well-being in the workplace. The Tico task chair features a high-density elastic sponge cushion that provides a soft and deform-resistant seating experience. With its waterfall design, this chair promotes proper sitting posture by relieving pressure on the legs and hips, allowing you to sit comfortably for extended periods. The premium breathable mesh allows for optimal airflow and ensures a skin-friendly experience even during prolonged working hours.

Tico Task Chair | This chair features a detachable mesh headrest that can be adjusted for both height and angle, ensuring optimal neck and head support. The black PU back frame includes a height adjustable lumbar support. The mesh back and headrest promote breathability. While the seat is upholstered in fabric and features molding seat foam with a plywood interior and a plastic bottom seat shell. The chair also includes black 3D adjustable armrests with black PU arm pads for added comfort. The self-weight mechanism with seat slider adjustment allows you to find the perfect seating position, while the black gas lift and nylon base with 5-star base black PU casters ensure stability and mobility.
