JUPITER

Edition | 2024

Introducing the Jupiter lounge chair, a refined addition to our collection that exudes contemporary elegance, comfort, and functionality.

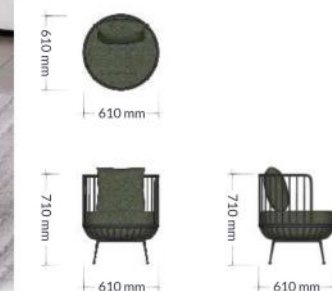

Crafted with a solid black metal framework, this chair boasts 2nr looped legs that provide a robust and sturdy base to its sleek design.

This medium-sized lounge chair offers both comfort and prestige to any environment, making it an ideal choice for those seeking a sophisticated seating option. With its refined aesthetic and superior construction, the Jupiter lounge chair is sure to elevate any space it occupies.

This armchair can be upholstered in a choice of fabrics, as well as vegan leather creating a chic atmosphere.

LUNA

Edition | 2024

The Luna armchair is a visually striking piece that combines softness and volume within a formal framework. Its design showcases a contrasting tension that is both visually appealing and functional.

The external structure of the armchair is crafted from a robust steel wire-frame, a material known for its strength and durability. This ensures that the armchair is not only aesthetically pleasing but also built to last.

The Luna armchair features contoured cushions that are held within the frame. The cushions provide added comfort, making the armchair a cozy and an inviting seating option.

The armchair is designed to be lightweight and versatile, allowing it to easily adapt to the changing needs of a space. Whether it is used within a working or relaxation space, the Luna armchair effortlessly meets the demands of its users.

MARS

Edition | 2024

Introducing Mars, an exquisite small armchair exuding vintage charm with its timeless design.

Boasting a quilted retro back panel, this chair exudes elegance and sophistication.

Crafted with utmost attention to detail, Mars is the epitome of refinement. The inclusion of moulded armrests ensures absolute comfort, making it an ideal choice for those seeking both style and relaxation.

Whether you're looking to add a touch of vintage charm to your reception or create a cozy space in your café area, Mars is the perfect choice.

Its timeless design and attention to detail make it a must-have for any office.

SOLIS

Edition | 2024

Designed with utmost comfort in mind, the Solis swivel chair boasts a generous amount of padding that envelops you in a cloud of relaxation. Sink into its plush seat and feel the stress of the day melt away. To further enhance your comfort, an additional back pillow is included, providing extra support.

But comfort is not the only feature that sets this chair apart. The Solis chair also offers a 360-degree swivel function, allowing you to effortlessly turn and pivot, providing convenience and flexibility in your seating experience. Whether you need to reach for something or engage in a conversation, this chair ensures you can do so with ease.

Crafted with meticulous attention to detail, the Solis swivel chair is built to last. Its sturdy black powder coated metal base ensures stability and durability, while the soft vegan leather upholstery is not only visually appealing but also easy to clean and maintain.

PLUTO

Edition | 2024

Introducing the Pluto chair, a versatile seating solution that is perfect for any office, cafe, or touchdown area. Its simple yet elegant design allows it to seamlessly adapt to most tables, making it a flexible addition to any space.

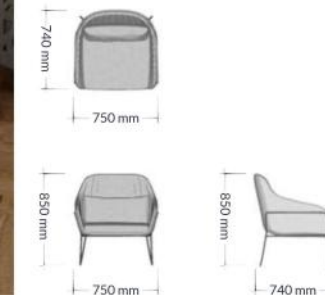

Crafted from high-quality vegan leather, the Pluto chair adds a touch of luxury to any room. Its sleek and sophisticated appearance is sure to elevate the aesthetic of any environment.

The chair's curved back is designed to fit the contours of your body, providing optimal comfort and support. Making it an ideal choice for those who spend long hours sitting.

The Pluto chair's metal legs and skidproof feet help with the reduction of scratches to most floors.

SATURN

Edition | 2024

The Saturn armchair is a true representation of luxury and elegance. With its sleek and sophisticated design, it is sure to impress anyone who comes across it. This armchair is not only visually appealing, but it is also incredibly comfortable, making it the perfect piece of furniture for your space.

With its contemporary appeal, the Saturn armchair is expertly upholstered with precision, around an elegant metal framework that serves as a distinctive design element, harmonizing the entire collection and transforming it into an unparalleled furniture masterpiece for the office.

The Saturn armchair is not only visually captivating but also provides a luxurious seating experience.

MODENA (& MONTALE)

Edition | 2024

The Modena Accent Chair is a stunning addition to any space, projecting elegance and sophistication. Crafted with meticulous attention to detail, this accent chair is designed to enhance the aesthetic appeal of your surroundings.

Featuring a full foam seat and back cushion, the Modena ensures optimal comfort and support. Constructed with a sturdy metal inner frame, this chair guarantees durability and longevity. The metal leg-frame not only adds a touch of modernity but also provides stability and balance.

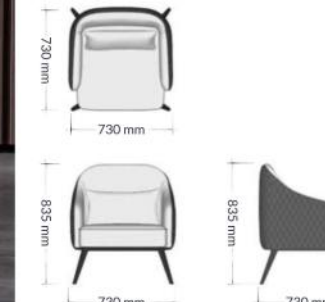

The Modena is upholstered in high-quality Italian leather that offers a wonderful sense of luxury and refinement.

Experience the perfect combination of functionality and aesthetics, making Modena an ideal choice for those who appreciate quality and sophistication.

As a wonderful companion, why not relax further with the equally beautiful, matching Montale leather footstool.

TELLUS

Edition | 2024

Introducing the Tellus armchair, a revolutionary and exquisitely crafted club chair that exudes contemporary elegance, making it an ideal addition to your lounge or reception space.

This chair boasts a deep seat that provides unparalleled comfort, while the diamond back stitching and loose comfort cushion adds a touch of sophistication and personality.

Crafted with a sturdy black metal framework, the Tellus armchair features four legs, each equipped with adjustable stud levelling feet, ensuring stability and durability.

This sleek, chic and one-of-a-kind armchair is a must-have for anyone seeking a comfortable and stylish seating option for their office, lounge or waiting area.

Experience the ultimate in luxury and comfort with the Tellus armchair, a true masterpiece of modern design.

Sink into the fabric-padded seat, while the black powder-coated metal frame with fixed armrests provides stability and sophistication. Adaptability is at the core of this design, featuring an adjustable seat height function to cater to your personal comfort. Built on a sturdy 4-leg frame, the chair offers the choice between castors for mobility or glides for stability, ensuring it fits seamlessly into any setting. Ideal choice for collaborative spaces, meeting rooms, and dynamic work environments—bringing effortless

WITTY

Edition | 2024

Witty Task Chair | The Witty task chair is thoughtfully designed for comfort and support during long hours at your desk. Featuring a black polypropylene lumbar support and a ratchet-adjustable backrest, it ensures you can find the perfect angle for your back. The breathable black mesh back and polypropylene frame provide ventilation and support, while the fabric-upholstered seat delivers superior comfort.

Equipped with 3D adjustable armrests with PU arm pads, the Witty chair allows for personalized arm positioning. Its multifunctional mechanism, including seat depth adjustment, ensures you can customize your seating experience. The chair is built with a durable black gas lift, a black nylon 5-star base, and smooth black PU casters for seamless mobility.

Designed with ergonomics at its core, the Witty task chair is an essential choice for those spending extended hours at their desk.

PO

Edition | 2024

PO Task Chair | Designed for both style and ergonomic excellence, built to enhance comfort and productivity. Its black polypropylene back frame features height-adjustable lumbar support, ensuring proper posture and personalised back support throughout the day. The breathable mesh back allows for optimal airflow, keeping you cool, while the fabric-upholstered seat provides comfort with a sleek, modern touch. 1D adjustable armrests, complete with soft PU arm pads for added comfort. The simple tilting mechanism and original position tilting lock let you easily adjust and lock the chair at your preferred angle, promoting a relaxed yet supportive seating experience. Built for durability and effortless mobility, the PO features a sturdy black base with gas lift for smooth height adjustment. The five-wheel base with black PU casters glides quietly across various surfaces, ensuring seamless movement whether in a home office or corporate workspace.

RA

Edition | 2024

Ra Meeting Chair | Designed for comfort, the chair is equipped with high-density cutting foam inside, ensuring a plush and supportive seating experience. The frame is constructed with sturdy steel tubing, armed for added durability, and finished in a sleek black powder coating for a sophisticated touch. With a simple mechanism, the chair offers seat height adjustment and a convenient swivel function, allowing for easy manoeuvrability. The 5-star base is available on castors or on glides, while the seat and back are upholstered in a black fabric.

A perfect blend of comfort and style that will elevate your working experience. With its sleek metal structure and modern design, the Ra chair brings a sense of vitality to any workspace. The slim chair shell design, combined with intricate stitching patterns and added metal detailing, adds a touch of elegance to the overall aesthetic.

AXIS

Edition | 2025

Elevate your meeting room with the Axis Chair – where executive style meets lasting comfort. Designed with a sleek, contemporary profile and a minimalist aesthetic, this chair makes a bold yet refined statement in any business setting.

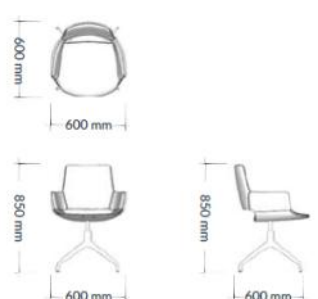

Engineered for long meetings and high-level discussions, the ergonomic silhouette promotes proper posture and sustained comfort. Upholstered in premium, breathable fabric, it combines durability with easy maintenance – ideal for high-traffic, professional environments.

The smooth 360° swivel and robust metal frame ensure seamless mobility and solid stability. Offered in a neutral, sophisticated colour palette, the Axis Chair seamlessly integrates into modern and traditional office designs alike.

Make a lasting impression with the Axis Chair – a smart investment in comfort, performance, and office presence.

POLKA (MEETING CHAIR)

Edition | 2025

Engineered for long meetings and high-level discussions, the ergonomic silhouette promotes proper posture and sustained comfort. Upholstered in premium, breathable fabric, it combines durability with easy maintenance – ideal for high-traffic, professional environments.

The smooth 360° swivel and robust metal frame ensure seamless mobility and solid stability. Offered in a neutral, sophisticated colour palette, the POK Chair seamlessly integrates into modern and traditional office designs alike.

Make a lasting impression with the POK Chair – a smart investment in comfort, performance, and office presence.

POLKA (HIGH BACK)

Edition | 2025

The Polka high stool offers a perfect balance of modern design and everyday comfort. Ideal for high counters, bar tables, or elevated seating areas. With its clean lines and contemporary silhouette, this stool adds a sophisticated touch to both casual and formal settings.

Upholstered in soft, earthy tones, the seat creates a warm and inviting atmosphere, while the gently curved high backrest provides added support for longer periods of sitting. Slim black metal legs give the piece a sleek, minimal look while ensuring strength and stability.

Lightweight and practical, the Polka high stool is as functional as it is stylish—an excellent choice for dynamic social or professional spaces.

POLKA (LOW BACK)

Edition | 2025

The Polka low-back stool offers a sleek, contemporary profile that fits effortlessly into a range of interiors—from stylish cafés to modern home kitchens. With its soft, upholstered seat in a palette of earthy, muted tones, it brings both comfort and understated elegance to any setting.

The low backrest adds subtle support without overwhelming the silhouette, making it an ideal choice for spaces where clean lines and openness are key. Supported by slender black metal legs, the stool combines stability with a refined edge. Lightweight and easy to move, it's a practical yet stylish seating option for casual dining, quick catch-ups, or relaxed workspaces.

ISO-H

Edition | 2024

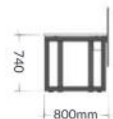

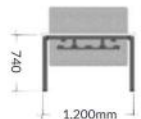

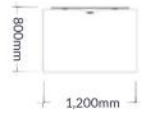

ISO-H high stool | Offers an exceptional mix of practicality and modern design. Crafted with a durable polypropylene fibre backrest and seat, the stool is designed for comfort, while the upholstered fabric seat cushion adds extra softness, making it ideal for extended seating.

The stool's frame features a black powder-coated steel tube that not only provides robust support but also gives the piece a light, airy look that complements any environment. The clean sled base design allows for easy stacking, making the stool convenient to store when not in use.

Perfect for collaboration areas, dining spaces, or anywhere versatility is needed, the ISO-H High Stool is a practical and elegant choice, combining space-saving functionality with modern design.

UNIVERSAL

Edition | 2024

Elevate your workspace with the Universal desk, a seamless blend of form and function.

This versatile desk features a sleek white desktop supported by 'O' legs powder-coated in black, creating a striking contrast and modern look. It comes with upholstered dividing screens for enhanced privacy and focus, and includes practical cable trays and a scallop cut-out for efficient cable management.

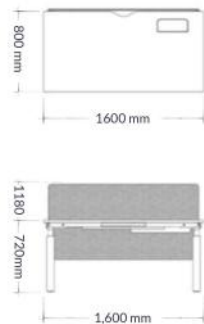

Available in different sizes and configurations, the Universal desk can be tailored to meet the specific needs of any office environment, ensuring a perfect fit for your space and workflow.

With its elegant design and thoughtful features, the Universal desk is the ideal solution for a dynamic and productive workspace.

SHIFT-I

Edition | 2024

The Shift-I Height Adjustable desk is an ergonomic workstation that combines functionality with privacy and organisation. It features a robust 3-column leg design, offering enhanced stability and smooth, motorised height adjustment, allowing users to effortlessly switch between sitting and standing positions with a 3 part memory management comfort system.

The desk is equipped with side/end panels and a tall dividing screen, providing privacy both above and below the desktop, making it ideal for open-plan offices where focused work requires minimal distraction. A built-in cable tray helps manage and conceal cables, maintaining a tidy workspace.

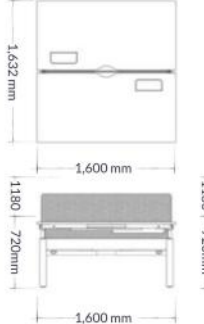

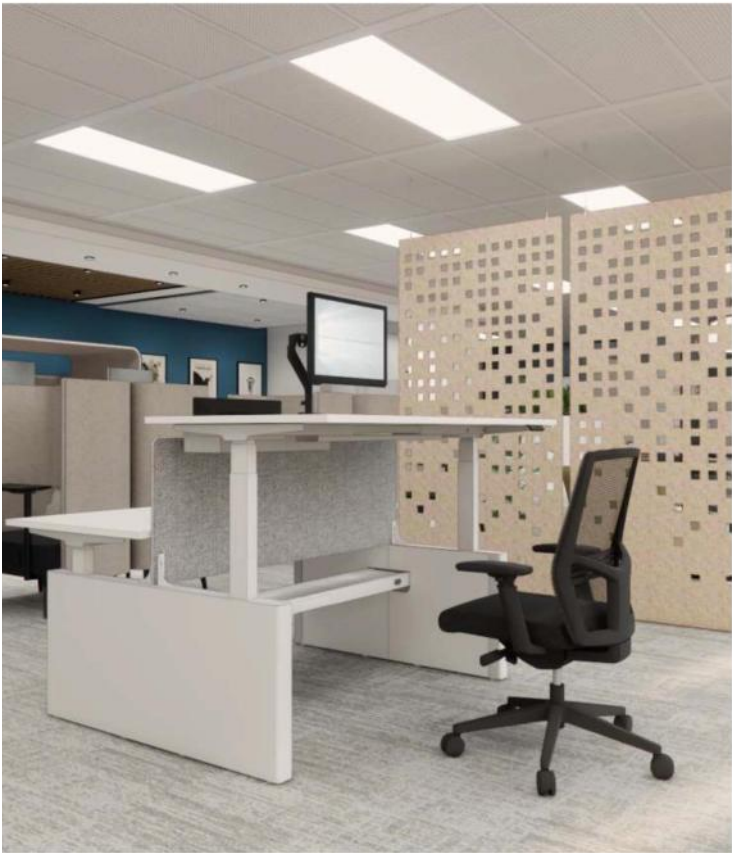

With its thoughtful features, this desk supports a healthy work posture while ensuring privacy and organisation, making it an excellent choice for productivity-focused environments.

Available in different sizes.

SHIFT-II

Edition | 2024

The SHIFT-II Height Adjustable desk is a thoughtfully crafted ergonomic workstation, designed to enhance both productivity and comfort in open or shared work environments. It features a motorised height adjustment system, allowing users to effortlessly alternate between sitting and standing positions with a 3 part memory management comfort system, which promotes a healthier work posture and enables easy adjustments throughout the day.

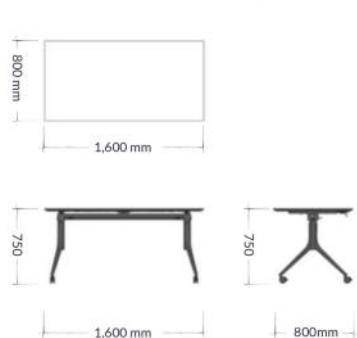

The desk's 3-column leg design provides added stability, particularly when raised to higher positions, ensuring a sturdy and dependable workspace. For added privacy, the desk includes side/end panels and a dividing screen above the desktop, helping to minimise distractions in open-plan settings.

The SHIFT II Height Adjustable desk is an ideal choice for workspaces focused on productivity and well-being, and it is available in a range of sizes to suit various setups.

CARLOS

Edition | 2024

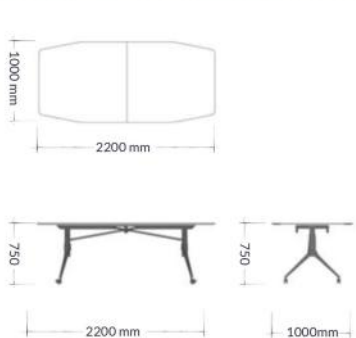

The CARLOS Flip Top table, performs effortlessly in any setting. Ideal for classrooms, seminar spaces, or multipurpose rooms, it features a quick-flip top mechanism for easy maneuvering and compact storage.

Its rectangular shape offers both flexibility and efficiency, allowing you to tuck it away neatly at the end of the day, maximizing space. The white MFC top with a sleek black chamfered edge and a sturdy black powder-coated metal frame make it as visually pleasing as it is practical.

Fine, clean lines add a sense of calm, allowing it to complement any environment with effortless elegance.

CARLOS

Edition | 2024

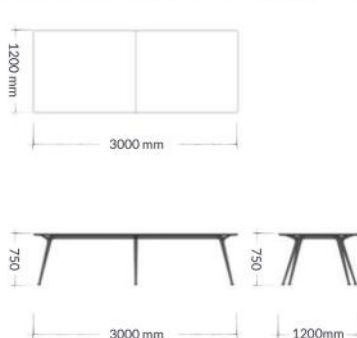

The Carlos Folding table is a versatile, modern table designed for flexible workspaces. It features a sleek, minimalist design with a sturdy tabletop supported by four black legs on wheels, providing easy mobility and making it simple to use and transport. The table's surface can be folded vertically, allowing it to be stored in a compact, space-saving manner. When folded, multiple tables can be stacked together neatly.

The look of the Carlos Folding Table reflects a high level of professionalism and is suited for a range of environments—from conference rooms and project workspaces to top-level executive offices.

This table is ideal for collaborative work environments, offering both functionality and elegance, with wheels that include locking mechanisms to ensure stability during use.

DIEGO

Edition | 2024

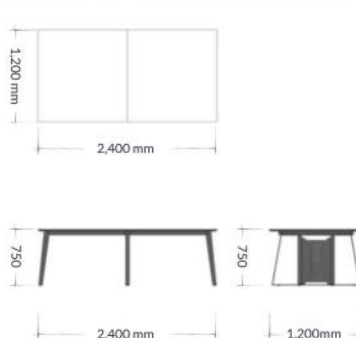

The DIEGO Meeting table is a sophisticated and functional table designed for modern conference rooms and collaborative workspaces. Featuring a sleek white tabletop with a black chamfered edge, the DIEGO comfortably accommodates multiple people, making it ideal for meetings, presentations, and group discussions. Its sturdy legs provide excellent stability, while the slim, elegant frame enhances a sense of open space in the room.

The DIEGO aesthetic blends seamlessly with contemporary office environments. The table's versatile design makes it suitable for a variety of settings, from executive meeting rooms to creative project spaces.

The DIEGO Meeting table offers both style and functionality, fostering an atmosphere of focus and collaboration.

TILDE

Edition | 2024

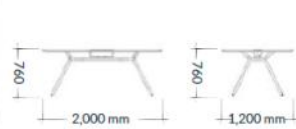

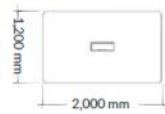

Step into a world of elegance and functionality with the TILDE meeting table.

This stunning table boasts a pristine white top complemented by a black chamfered edge, creating a sleek contrast that catches the eye. Designed for the modern workspace, it features a discreet cable riser to keep your meetings clutter-free and organised. The table is supported by a robust black powder-coated frame, ensuring both durability and style.

With its sophisticated design and practical features, the TILDE is more than just furniture – it's a statement piece that enhances any professional setting.

ARK TABLE

Edition | 2025

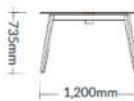

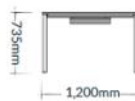

The Ark Meeting Table is part of an executive furniture collection that embodies modern luxury, with every element designed to project a flawless image and distinctive character. With a modern aesthetic rooted in simplicity and elegance, the collection features a sturdy yet refined metal table leg structure distinctive design element that enhances both the visual lightness and durability of each piece.

The meeting tables are available with two tabletop options: rectangular and boat-shaped. Each table is crafted from 30 mm top covered in natural veneer, with solid wood profile edging. The grain direction runs along the length of the table, which is available in either a rectangular or trapezoidal shape. The round metal structure is made from Ø40 mm tubular powder-coated metal, ensuring strength and stability. Crafted from the finest materials, including natural veneer. The Ark Meeting Table symbolises luxury and sophistication.

NW MEETING TABLE

Edition | 2025

The NW meeting table is crafted to elevate your office environment, offering a sophisticated blend of style and functionality. Whether you're aiming for a warm, inviting atmosphere, a sleek modern loft aesthetic, or a hint of understated luxury, this table allows you to achieve your ideal look.

Table ensures both stability and a contemporary appeal. Its edges are finished with either an ABS edge or a sloping high-pressure laminate (HPL) edge, delivering a polished and refined appearance. This design not only enhances the table's visual appeal but also contributes to its durability. The legs are meticulously crafted from lacquered and stained natural ash solid wood, bringing a touch of warmth and elegance to the design. An integrated insert section caters to your power needs, seamlessly blending functionality with aesthetics.

Available in a range of configurations

NW ROUND TABLE

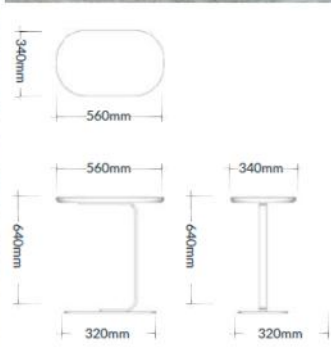

Edition | 2025

The round meeting table features a robust design with a four-legged frame, providing stability and a modern aesthetic. The tabletop, made of 25 mm melamine (MFC), offers a durable surface that's both practical and stylish, perfect for collaborative environments. The edges are finished with either an ABS edge or a sloping edge in high-pressure laminate (HPL), ensuring a smooth and refined look. This design not only enhances the table's visual appeal but also contributes to its longevity, making it an ideal choice for dynamic meeting spaces.

The legs of the table are crafted from lacquered and stained natural ash solid wood, adding warmth and elegance to the overall design. The metal inserts used for fixing the legs provide additional strength and ensure a secure assembly, allowing the table to withstand daily use in busy office settings. This combination of materials and thoughtful design elements creates a functional yet sophisticated piece of furniture that encourages productivity and fosters collaboration among team members during meetings.

LT-01

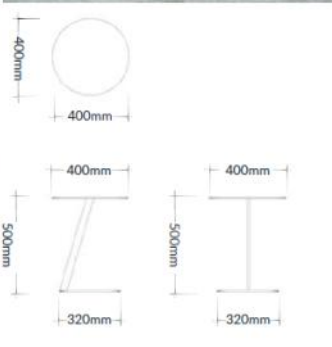

This sleek and versatile laptop/side table is the perfect companion for agile working environments. Featuring a durable black metal frame and a matte-finish MF MDF top, it brings together minimalist design with everyday functionality.

Lightweight yet sturdy, it's ideal for flexible work zones, breakout areas, or as a stylish side table in any office setting. Its compact footprint allows it to slide effortlessly into tight spaces, offering a practical surface wherever and whenever it's needed.

Whether used as a functional surface or a decorative element, this side table brings a touch of modern sophistication to any space.

Edition | 2025

LT-02

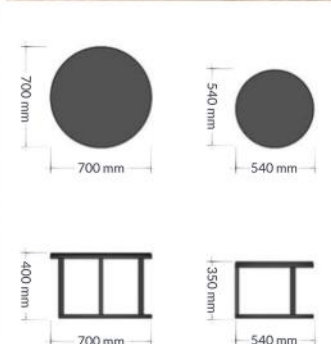

Elevate your modern living space with this stylish black side table. Its minimalist design features round top supported by a slender, angled stem, culminating in a distinctive circular base that adds a touch of contemporary flair.

The table's clean lines and understated elegance make it a versatile accent piece, perfect for holding beverages, books, or decorative items. Its compact size allows it to fit seamlessly beside a sofa, armchair, or bed, providing a convenient surface without overwhelming the space. Crafted with high-quality materials, this side table offers both style and durability.

Whether used as a functional surface or a decorative element, this side table brings a touch of modern sophistication to any space.

Edition | 2025

SOBRINA

This stylish round nest of coffee tables is the perfect addition to any modern space, blending sleek design with functionality.

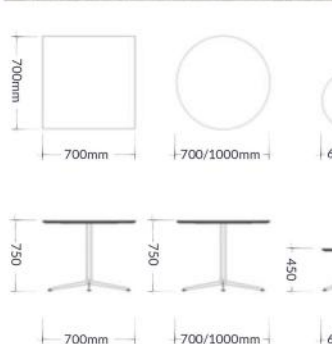

Built with a durable black powder-coated metal frame, these tables are made to last.

The larger table is 700mm wide and 400mm tall, offering ample surface space for decor or coffee with friends.

The smaller table, measuring 550mm wide and 350mm tall, conveniently slides under the larger one, saving floor space and fitting perfectly in cozy corners or smaller rooms.

Edition | 2024

VENTI

Introducing the Venti table range, where versatility meets sophisticated design.

This stunning collection includes cafe tables, coffee tables, and meeting tables, catering to various needs and settings.

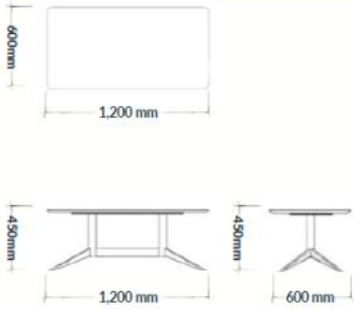

Each table features a pristine white top with a striking black chamfered edge, offering a sleek and modern aesthetic. The tables are supported by a sturdy stainless steel base, ensuring both durability and a contemporary finish.

Available in different dimensions, the Venti range is designed to complement any space, be it a cozy cafe corner, an elegant coffee lounge, or a dynamic meeting room. With their blend of functionality and style, the Venti range is perfect for enhancing the atmosphere of your environment.

Edition | 2024

LYRA

Edition | 2025

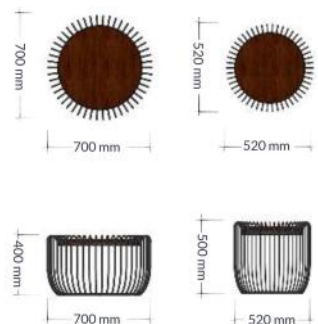

Minimalist in form yet rich in presence, the Lyra Coffee Table combines contemporary elegance with engineered strength. Its sleek, matte-finish tabletop is gently rounded at the edges, offering a soft geometric balance that complements modern interiors. Supported by a sculptural, powder-coated metal base with a dynamic angular stance, the Lyra table is as stable as it is striking.

Designed for both residential and commercial settings, the Lyra's clean silhouette allows it to blend seamlessly into lounge areas, office reception spaces, or stylish living rooms. The generous surface offers practical space for everyday essentials or display items, while its bold architectural frame adds a sophisticated edge.

MERCURY

Edition | 2024

Part of the Luna suite, the Mercury has been designed to impress, the Mercury coffee and side tables effortlessly combines style and function.

The black metal frame not only adds a contemporary touch but also ensures durability and stability. The mocha elm tabletop not only looks visually appealing but also provides ample space for displaying decorative items or serving refreshments.

Whether you have a modern or traditional office space, these tables are a perfect choice to elevate your interior design.

FLEXI LOCKER

Edition | 2025

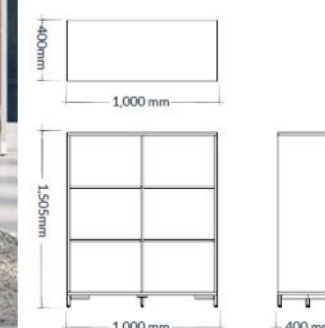

The FLEXI modular lockers offer a stylish and secure storage solution for both personal and office items, whether for temporary use or all-day access. Tailor your locker system to suit your office aesthetic with a range of premium finishes, including melamine, high-pressure laminate (HPL), veneer, or perforated metal. With an extensive colour palette, you can create a sleek monochromatic look, a vibrant multi-coloured scheme, or a bold, statement-making design that reflects your brand identity.

Enhance functionality with optional features such as a stylish planter box, creating a warm and inviting atmosphere. For a more minimalist approach, opt for a top panel that ensures a clean and cohesive finish. Select from a variety of locking options to meet your security requirements, ranging from classic cylinder locks to modern electronic locking systems for enhanced convenience and peace of mind.

Available in a range of configurations.

FLEXI STORAGE

Edition | 2025

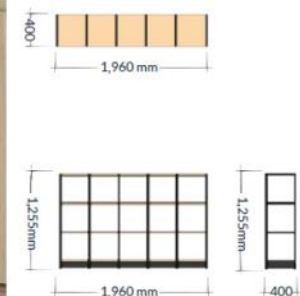

Your workspace will be transformed into a sleek, well-organised hub with our versatile Flexi Storage system. Designed to seamlessly blend style with functionality, this extensive range of storage solutions allows you to select or create bespoke cabinets, perfectly tailored to meet your office's unique requirements. Add a burst of personality to your environment with a vibrant array of colours!

Elevate your Flexi Storage solutions with options such as bookcases, wardrobes, and drawers. A standout feature of our Flexi Storage units is their highly adaptable and practical internal layout, ensuring your space remains neat, organised, and efficient.

Available in a variety of configurations to suit any office style, from modern minimalist to more traditional settings.

COMBO UNIT

Edition | 2025

The Combo unit is a versatile modular shelving system designed to enhance both organisation and spatial design. It includes freestanding shelving units, planter shelf units, and shelving units that can be mounted on cabinets, offering a flexible solution to suit any office layout.

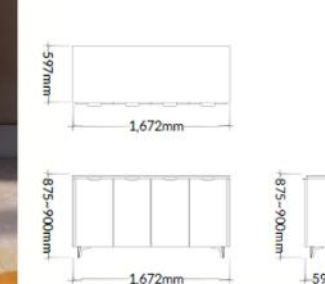

More than just a traditional shelving system, Combo is ideal for shaping and dividing spaces. Whether positioned in an open-plan environment, against a wall, or on top of cabinets, it seamlessly integrates into various office settings, providing both functionality and style.

Designed for the modern workplace, the Combo collection combines practicality with adaptability. Its sleek, modular design allows for effortless customisation, while its environmentally friendly materials make it sustainable for forward-thinking offices.

Available in different configurations.

CREDENZA

Edition | 2025

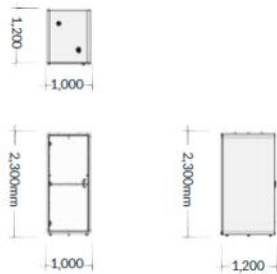

Elevate your workspace with this elegantly understated Credenza, thoughtfully designed to complement a wide range of interiors with refined sophistication. Featuring a sleek profile and minimalist form, the piece is distinguished by its beautifully textured stone-effect façade—or, if preferred, a warm walnut finish—paired with a contrasting Cubanit and a crisp, clean-lined carcass in a neutral tone.

Resting on slender, splayed legs finished in black powder coating, the credenza achieves a perfect balance of visual lightness and structural integrity. Behind the seamless soft-close doors lies generous internal storage, ideal for maintaining a clutter-free environment in executive offices, meeting rooms, or stylish commercial settings. Crafted with meticulous attention to detail, this credenza seamlessly blends functionality with timeless design—an impeccable addition to any discerning space.

PHONE POD

Edition | 2025

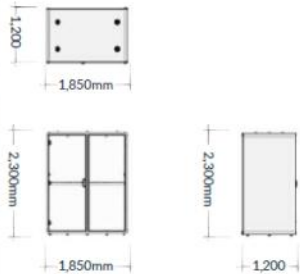

The AMP Phone Pod is a compact, mobile solution designed for private calls and focused individual work. Built with true flexibility, it's easily repositionable on integrated wheels to adapt to evolving office layouts. Its carbon crystal board outer shell offers durability with a sleek finish, while acoustic panels inside ensure high sound absorption and excellent sound insulation, shielding users from outside noise.

Equipped with integrated power, PIR sensor, and dimmable lighting, it provides an intuitive and energy-efficient user experience. The efficient ventilation system ensures continuous fresh airflow, and customizable furniture options support both standing or seated use.

MEETING POD

(2 PERSON)

Edition | 2025

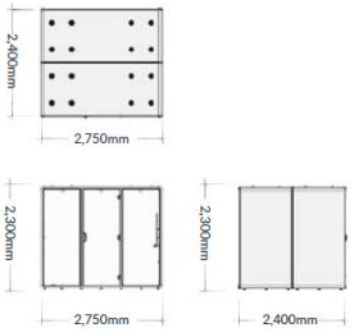

Designed for adaptability, the AMP Discussion Pod serves as a collaboration space for two people or a private office for one, with fast reconfiguration made possible by its modular design and wheels. The carbon crystal board exterior combines strength with modern aesthetics, while internal acoustic panels provide both sound insulation and absorption, creating a quiet, focused environment.

Standard features include power outlets, PIR-activated dimmable lighting, and efficient ventilation to maintain comfort throughout the day. Larger configurations come with an optional whiteboard for brainstorming. A range of furniture setups—from work desks to small seating arrangements—ensures the pod meets varied functional needs.

MEETING POD

(4 PERSON)

Edition | 2025

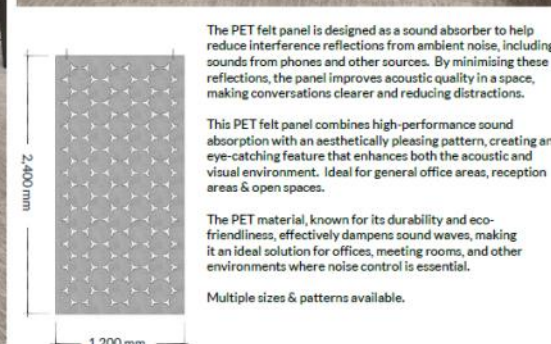

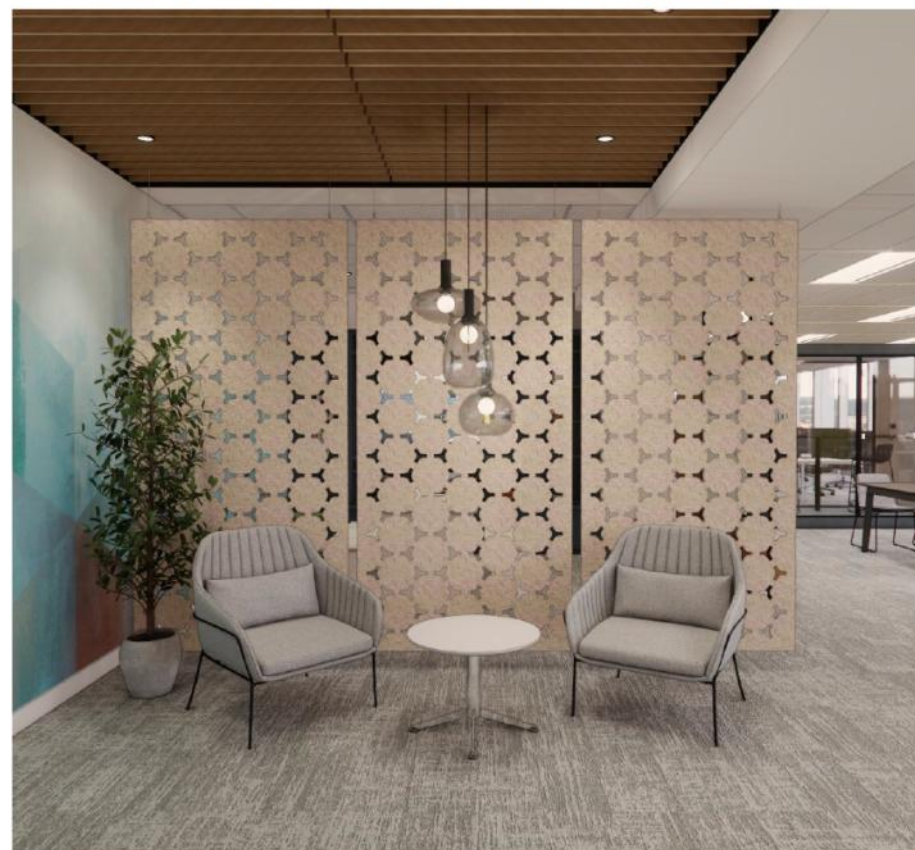

The AMP Meeting Pod is a spacious, acoustically sealed room ideal for team meetings, presentations, or confidential conversations for up to 5 people. Designed with mobility and adaptability in mind, it features lockable wheels for easy relocation and a carbon crystal board outer wall for durability and visual appeal. Inside, high-performance acoustic panels offer superior sound control, ensuring conversations remain private.

Each pod is equipped with integrated power, a PIR motion sensor, dimmable LED lighting, and a ventilation system that supports long sessions. Additional features include an AV bracket for displays or video conferencing, and an optional whiteboard for collaborative work. Multiple furniture configurations allow for both formal and informal settings.
